

KALINAWA ART FOUNDATION

Question: What can I do to help?

Answer: There are two ways *the Kalinawa Art Foundation* can use your assistance: as a sponsor and as a volunteer.

- Sponsorship support for the *Foundation* can provide benefits including corporate logo visibility opportunities at all *Foundation* events, on promotional material, the *Foundation* web site, etc.; networking opportunities; and invitations to all *Foundation* activities. In addition to the opportunity to support its core program of promoting the visual arts of the Indigenous People of the Philippines, the *Foundation* offers excellent partnership opportunities for organizations and individuals for other activities including commissioned work from Indigenous Peoples artists, educational support and development of and participation in other events such as conferences, seminars, etc.
- Volunteer support for the *Foundation* is based on our ongoing need for suitably qualified [judges for shows](#), and operational and administrative staff to support the program. In addition to this activity at the shows, we will always benefit from those with knowledge of different languages in the Philippines, so that material can be translated for these communities. Being a volunteer provides benefits including some skill and capacity development, networking opportunities and invitations to all *Foundation* activities.

Through your assistance, the *Kalinawa Art Foundation* is able to make a contribution to the celebration of the diversity of Filipino culture.
